A Higher Purpose

Iona aims for sustainability in their winemaking and dignity for their workers.

Cooling morning fogs in Elgin.
BELOW, RIGHT: Andrew Gunn.

LCBO SPIRIT OF SUSTAINABILITY

At LCBO, we're focused on building a more sustainable future through an initiative called Spirit of Sustainability. To learn more about SoS and see some of our initiatives, visit LCBO.com/sustainability.

Iona is the highest-altitude winery in Elgin, which is South Africa's coolest wine region. Proprietors Rozy and Andrew Gunn aim high as well, using a holistic approach to farming that treats the land with respect, and partnering with their workers through initiatives like pension funds and social supports.

The winery hits a high-water mark of sustainability. All weeding is done by hand, no fertilizers or insecticides are used, cover crops flourish between vine rows in winter, and Iona's own cows do their part to enrich the winery's compost. These high standards result in wines that speak honestly of their unique terroir.

Iona lifts up its workers by sharing benefits that go above and beyond remuneration. Workers are shareholders, and their children receive free education at local schools. Says Andrew Gunn, "We have 20 families living on our farm, many of whom were born on the farm. We employ husbands, wives, partners, children and grandchildren wherever possible to increase the earning potential of each household; a total of 30 permanent workers with a further 20 dependents. We are a family in the true sense of the word in that we are very interdependent on each other, with each member making a valuable contribution to every aspect of the farming, winemaking, and marketing endeavour."

The result of these lofty goals is a lively wine with notes of gooseberry, greengage plum, grapefruit, and fresh herbs offered at price that represents the highest value.

IONA SOPHIE TE'BLANCHE SAUVIGNON BLANC 2022

WO Cape South Coast

This is a fine, fleshy if lower key sauvignon with aromas of gooseberry, greengage plum, grapefruit and some fresh herbs. It is quite firm, lively and dry with a sense of minerality. The length is very good to excellent. Just fine at the price and holding to South Africa's value band. Tasted January 2023. Score: **89** (winealign.com)

FROZEN IN TIME

A labour of love to produce,
Ontario's sweet signature
makes a uniquely Canadian
holiday gift.

"Icewine is the 'feather in the cap' of Niagara winemaking," says **Lakeview Cellars** winemaker Scott McGregor. Though modern tastes have made dry red, white and sparkling wines more prevalent, Icewine has remained a staple of Niagara viticulture. *Vintages* writer Gabriel Corindia spoke to four local winemakers to get their thoughts on crafting Icewine and what makes Niagara the perfect region for it.

Icy beauty at PondView.
RIGHT, TOP: Workin' on the night moves at Stratus. RIGHT, BOTTOM: Pressing frozen grapes in a basket press.

"Our Icewines are a true testament to the extremes that the grapes experience in our vineyards, from a long ripening season to the cold winter temperatures that help to create these naturally concentrated wines," says Fred DiProfio of **PondView**. A long ripening and quick onset of frost is ideal for our signature grape varieties with higher acidity, such as Vidal, Riesling and Cabernet Franc.

Regarding our unique weather and terroir, **Wayne Gretzky Estates** winemaker Jason Roller comments, "It's a marvel. You don't get that anywhere other than Niagara. We can allow a few cycles of freeze and thaw to allow the grapes to

concentrate and add complex, dense flavours, like caramel, dates and apricot. It's a gamble, but it's worth the risk to make a product we're proud to make."

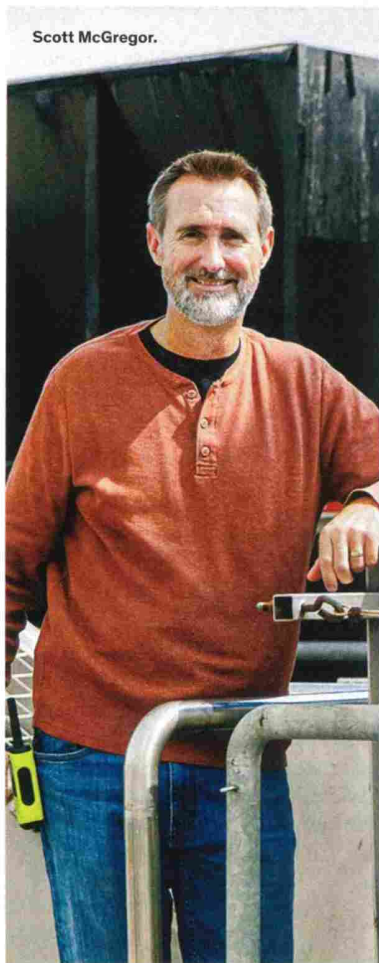

This extreme and consistent weather pattern is only present in Niagara and, to some extent, New York's Finger Lakes region. "A dry fall and early freeze are best for Icewine," says **Stratus** winemaker Dean Stoyka. "It's a common weather pattern in Niagara which is useful for preventing what we call 'berry squeeze,' where grapes will overripen and fall off the cluster or split, causing botrytis."

When asked about the future of Icewine,

Roller answers, "Our future has lots of great minds from our local colleges and universities. Being a graduate of Brock myself, I see a lot of young Canadians and international students who are bringing new ideas that aren't steeped in old-world traditions. They're bringing ideas tailored to Niagara viticulture."

The future also looks bright in the eyes of McGregor, who says, "Interest in Icewine will be aided by education. Between our youth showing interest in winemaking and educating wine lovers about Icewine, we bring interest not only in the product, but interest in Niagara."

Scott McGregor.

Niagara certainly offers something special in the world of wine. But it's not just the unique growing conditions we experience here. As Stoyka adds, "What makes Icewine better is the stories that come with it. In 2022, we had to pick on the cold snap in December. It took an entire crew and \$500 worth of Tim Hortons coffee and snacks to make it through the night, but it was worth it."

Nowhere else in the world will you find dedication like that of Canadian Icewine makers.

SPARKLING WINE

HENRY OF PELHAM CUVÉE CATHARINE CARTE BLANCHE ESTATE BLANC DE BLANCS 2017

Traditional method, VQA Short Hills Bench, Niagara Escarpment, Ontario
... The 2017 vintage of Carte Blanche is easily among the best sparkling wines made in Ontario that I have tasted. Such an intriguing nose of brioche/autolytic notes, lemon cream, apple/quince fruit, an elegant bead in the glass and citrus zest. The crackling bubbles on the palate are invigorating with notes of baked bread/biscuit notes, lemon tart, pear, fresh salinity, and mouth-watering acidity keeping it clean and fresh through the lifted finish. ZUCCARDI POLÍGONOS MALBEC 2021

San Pablo, Valle de Uco, Mendoza

This comes from vineyards planted in San Pablo, at an altitude of 1,400 meters in the Uco Valley. Aged in concrete, without going through barrels, this is a raw and honest expression of the variety in those Andean heights, the expression of a grape that's usually sweet and friendly and that continues to be, here, at the foot of the mountains, although it adds herbs and flowers and tart fruits that combine in a body full of firm tannins and red-fruit flavors. A faithful expression of an extreme place in the Uco Valley. Score: **95** (Patricio Tapia, guiadescorchados.cl, 2023)

D'ARENBERG THE OLIVE GROVE CHARDONNAY 2021

McLaren Vale/Adelaide Hills, South Australia

... The name comes from the region's history as the McLaren Vale region has enjoyed the presence of olive trees for almost two hundred years. The colour is a shining gold. The aroma moves from melons to nuts, the barest touch of ginger and there is just a hint of oak, while stonefruit notes weave their way throughout. Good acidity and nicely balanced, with decent length, this is an attractive style, destined for drinking over the next 12 months, when it will provide much pleasure, though it will linger longer. TENUTA SAN GUIDO LE DIFESE 2021

Castagneto Carducci, IGT Toscana

... redolent of crushed red berry fruit, rose petal, lavender, spice and sweet pipe tobacco. Medium in body yet nicely layered, the 2021 is impeccably balanced ... one of my favorite recent vintages. As it has been for some time, Le Difese is a blend of Cabernet Sauvignon from the estate and Sangiovese purchased from several properties in Chianti Classico, with the energy of Sangiovese very much driving the feel in this vintage. Drinking window: 2023-2031. Score: **91** (Antonio Galloni, vinous.com, Aug. 2023)
