ESTATE BOTTLED RED GRAVEL
CABERNET SAUVIGNON 2021

Dunnigan Hills, California
478743 (XD) 750 mL \$24.95 ✓

This balanced, fresh, dry, tannic wine is made from select barrels of Cabernet Sauvignon, Petit Verdot and Petite Sirah chosen from a mix of French, Hungarian and American oak. It shows intense dark fruit, cassis, vanilla, and oak spice. A powerhouse barbecue wine with the character and backbone for formal roast beef or lamb dinners.

DUCA DI SARAGNANO
GOVERNO 2022

IGT Toscana, Tuscany, Italy
25399 (XD) 750 mL \$19.95 ✓

Before modern techniques ensured consistent wine fermentation, medieval Tuscans would add the must of partially dried grapes to fermenting wine. Known as *governo alla toscana*, this practice is similar to the Venetian *appassimento* method. This classic style is given a modern twist by blending Sangiovese with Merlot and Cabernet Sauvignon for a rich, supple wine that will pair wonderfully with *cinghiale in umido* (boar stew).

Sunshine, meet fine wine

Summertime is the best time to enjoy a chilled glass to beat the heat, preferably with a good book and a full picnic basket. For that reason, we've gathered **24 white wines** for you to try. These are familiar faces and fascinating finds that will fare well with fun times and flavoursome feasts. Whether you seek familiarity or are the adventurous sort, we've got you covered with the best wines for chilling out.

Chardonnay

A canvas for great moments

The most popular white grape in the world, Chardonnay has a neutral character that's heavily influenced by how it's grown in the vineyard and manipulated in the cellar. Cool-climate examples from eastern France or northern Italy offer a lighter body, with orchard fruit flavours of red apples and quince layered over a stony minerality. These kinds of Chardonnays pair well with garden salads and cucumber sandwiches. A Chardonnay grown in a warmer climate like California or South Africa will be full-bodied, with tropical fruit flavours like pineapple, and signs of oak ageing that show themselves as hints of vanilla and butter. These unctuous wines make a fine accompaniment to savoury poultry dishes and hearty sides like potato salad.

**CHARTRON ET TRÉBUCHET
SAINT-VÉРАН 2022**

AP, Burgundy, France
(François Martenot)

An increasingly trusted name in the Vintages catalogue, Chartron et Trébuchet has become an excellent representative of the many styles available in Bourgogne. This lovely Saint-Véran shows flavours of white peach and pear layered over notes of cut white flowers and lightly toasted hazelnuts.

Pinot Gris

No grey skies with these wines

A native to northeastern France, Pinot Gris is a flexible variety that ripens early and grows in abundance. Wines made from it come in many styles to enjoy, typically showing flavours of citrus and tart tree fruit accented by floral aromas. The grape fares best in cool-climate, high-elevation areas and produces both light-bodied (Pinot Grigio) and medium-to-full-bodied (Pinot Gris) examples. These pretty wines, which range from lean and extra-dry to textured and lightly sweet, can pair with many dishes. Light-bodied examples will go great with lemon-pepper cod or salty potato chips. Try off-dry styles with spicy jackfruit tacos or fresh-fruit tarts.

**MISSION HILL RESERVE

Grapes for this wine were sourced from three important vineyards in the Okanagan: Oliver, Black Sage, and Naramata Ranch. Each offers the features of a unique microclimate and complements the others well. Chilling wine not only helps your wine-drinking experience on a scorcher of a day, it also elevates many dishes that are ideal for enjoying in the sunshine. Herbaceous and aromatic, Sauvignon Blanc shows more typicity than the other wines featured thus far. Full-bodied examples are uncommon, barrel ageing is rare, and the grape is only used for sweet wines when blended with Sémillon to make the botrytized wines of Sauternes. Sauvignon Blanc is characterized by its abundance of pyrazines: aroma compounds that give the wines a savoury, redolent character reminiscent of gooseberries, green bell peppers, and freshly cut grass. Native to western France, it thrives in high-elevation, cool-climate areas like New Zealand and Ontario. These pungent, flavourful wines make great partners for vegetarian fare and heavily seasoned dishes such as roasted asparagus, chana dal, or crunchy veggies with baba ghanouj.

For the future

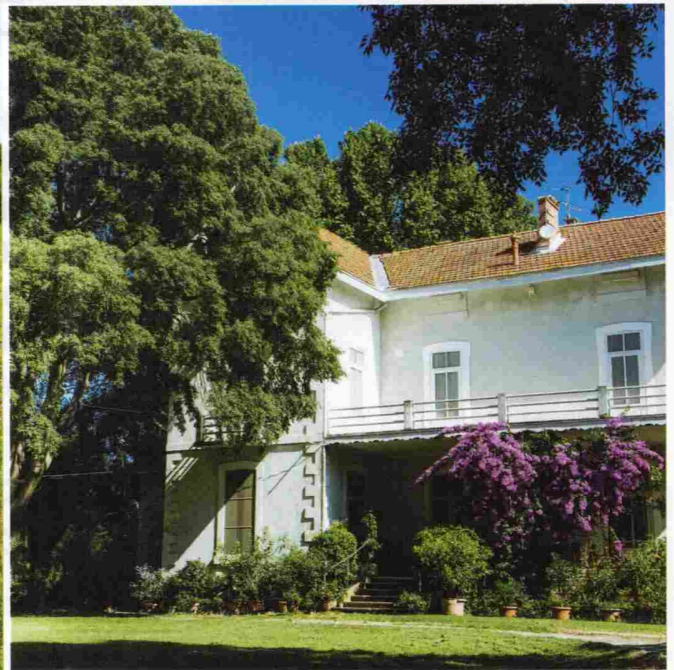

By embracing regenerative farming, Famille Gassier are safeguarding the health of their vines and contributing to the fight against climate change.

LCBO SPIRIT OF SUSTAINABILITY

At LCBO, we're focused on building a more sustainable future through our Spirit of Sustainability initiative, which celebrates trade partners who work to promote diversity and inclusion, community investment and sound environmental practices. Learn more at [LCBO.com/sustainability](https://www.lcbo.com/sustainability).

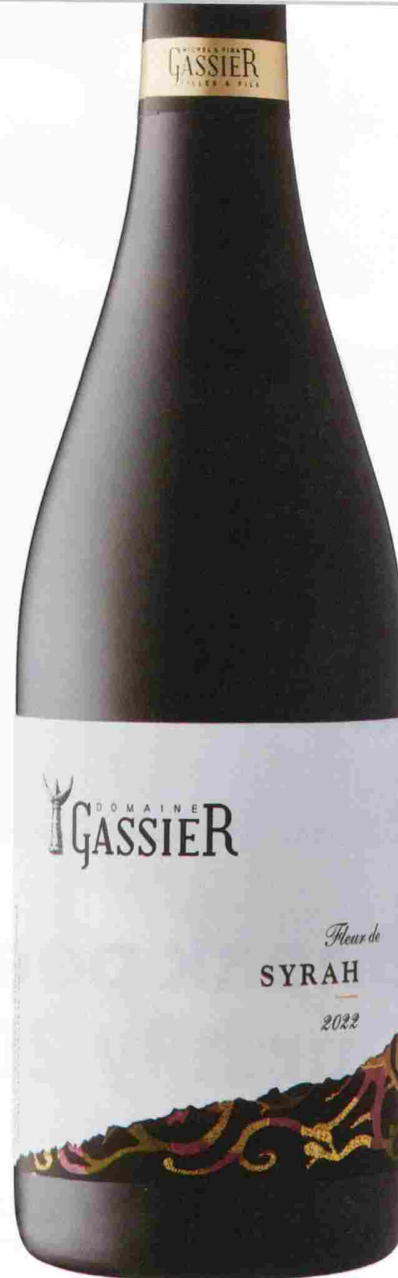

"My dad had young children growing up on a vineyard and he didn't really feel comfortable spraying chemicals around them," says fifth-generation winemaker Isabel Gassier of her father, Michel's, decision to convert to organic farming. "We went from my dad wanting a healthy environment for his children to grow up in, to me wanting a healthy environment for my future children to grow up in."

Since 2007, all of Gassier's wines have been organic. Now Isabel is building upon her father's work and pursuing regenerative agriculture. In 2023, all 345 acres of Gassier's vineyards and land became the first in France to be certified regenerative by AGW (A Greener World).

"You start restoring ecosystem function in the soil," says Isabel. "And then, little by little, you focus on restoring habitat and ecosystem function above the soil. In the end, it goes all the way towards food sovereignty, social equity, community health – it goes so far beyond just agriculture and just your crop."

Isabel and her team are reducing tillage, using cover crops, composting, integrating livestock into their farming practices, and planting native hedgerows and wooded areas. Because of industrialized farming, a river on their land had been straightened many years ago, causing flooding and erosion. Now, Gassier has partnered with the local water agency EPTB Vistre to re-bend the river and return it to its natural course.

"We have this amazing opportunity to sequester carbon in our soil, raise how much water we can retain, and therefore fight against climate change but also build resilience of our crops because there's more water in the soil, there's a cooler climate ... we're minimizing human intervention and therefore our terroir can only speak louder, we can only make wines that have a stronger sense of place. We're deeply convinced this is going to raise the quality of our wines."

GASSIER FLEUR DE SYRAH 2022

AP Costières de Nîmes, Rhône, France

Isabel calls this wine "a perfect summer red ... I like it a tiny bit chilled." It has the "supple, dense darker fruit notes from Syrah, but thanks to the whole-cluster integration there's this fresher complexity to it where you do get a little bit of that violet and some fresher, high-toned aromas. It's a wine that hasn't seen any oak, so it's pure fruit ... It's great for the end of the day when you just want to have a glass of wine, but it also goes great with food. It's my go-to pizza wine, and it also goes with lamb kebab really well."

WORLD-CLASS CHARDONN-EH

**Ontario's terroir-driven Chardonnays:
High-quality stars of the wine world.**

For many years, Ontario has been firmly on the radar of international wine critics, and local Chardonnay is a key reason for their admiration. "Chardonnays from Ontario are creatures of northern coolness and no small amount of limestone soil. What results are lean and minerally wines decidedly reminiscent of white Burgundies, yet a bit more generous in fruit and textural density." (Matt Kramer, winespectator.com, March 31, 2017). Here's a collection of four wines that exemplify the quality and status of this local signature.

Thomas Bachelder in his happy place. RIGHT: Vines in the sunshine at Leaning Post.

Chardonnay expresses terroir with stunning accuracy and "...terroir ... as every Burgundy lover knows, [is] what makes great wines" (Tina Gellie, *decanter.com*, Nov. 22, 2023). Chardonnay is a malleable grape, and winemakers have considerable influence over the character of the final wine through the myriad decisions they make over the course of the wine's evolution. Choices such as how the vines are managed through the growing season and the timing of the harvest, or whether to use stainless steel, oak or concrete (or some combination thereof) to ferment and mature the wine, all impact the final product. One of the necessary challenges when working with Chardonnay is to

strike a balance between the influence of the winemaker and Chardonnay's fragile transparency. It's all too easy to overwhelm the grape and lose that sense of the ethereal that makes these wines so special. This is the razor's edge that separates superior-quality Chardonnay from generic expressions.

Niagara's winemakers are producing some of the finest Chardonnays in the world. Through a winning combination of attention to detail and the hard-earned experience that comes from continually exploring and refining their understanding of "... chardonnay clones, rootstocks, site, farming, winemaking, and elevage ...", Niagara winemakers are creating Chardonnays that are "world-class

examples, age-worthy and structured ..." (Treve Ring, *gismondionwine.com*, July 22, 2021)

The four wines highlighted here are decisive examples of the character and refinement that defines top-tier Chardonnay, but even more than that, they're celebrations of place; wines undeniably rooted in Niagara. The **Trius** Showcase Wild Ferment Chardonnay 2020 is a single-vineyard wine sourced from the late-ripening Watching Tree Vineyard in the Lincoln Lakeshore sub-appellation, first planted in 1989. The **Bachelder** L'Ardoise Niagara Chardonnay 2021 blends fruit from a number of Thomas Bachelder's prime sites, including some of Niagara's oldest Chardonnay plantings.

The **Malivoire** Estate Grown Chardonnay combines Chardonnay from their Moira and Mottiar vineyards with Chardonnay Musqué from the Malivoire Estate Vineyard, and **Leaning Post's** The Fifty Chardonnay 2021 is a blend of fruit from the Hemeris Vineyard and the Grimsby Hillside Vineyard. Homegrown and world-class.

"The world is waking up to the simple truth that 'If you love cool-climate Chardonnay with a real sense of place, then don't think Burgundy, think Ontario.'" (Tina Gellie, decanter.com, Nov. 22, 2023)

FOR COOL CUSTOMERS

From July 18 to 21, producers, critics and wine lovers are once again heading to Niagara to honour the world's most popular wine grape at i4C: the annual International Cool Climate Chardonnay Celebration. The four wineries featured in this installment of Local Talent will be participating in the event, which features all kinds of wine-country experiences including seminars, guided tastings and dining at wineries, and the wildly popular World Tour outdoor tasting and dinner. Visit coolchardonnay.org for details.

This is a pleasantly rich and toasty premier cru Champagne. I like the integrated and harmonious flavours of toasted brioche, ripe and dried apples and pears, grapefruit, and almond marzipan. The palate is delicately rounded and concentrated, with a whisper of sweetness, zesty acids, and a silky mousse. Very good value in a well made, generously flavoured sparkling rose. The colour is fairly deep pink-salmon. The nose is actually quite berryish with strawberry jam, pretty florality, light brioche/pastry notes. It has some weight, with firm acidity, rounding fruit and a hint of sweetness. The inestimable Randall Grahm has long been a poet of Picpoul, among other things, and this lovely example is loaded with freshness and complexity. EL ENEMIGO CHARDONNAY 2022

Mendoza
(Alejandro Vigil and Adrianna Catena)
For this chardonnay, winemaker Alejandro Vigil uses vineyards in the Gualtallary area, vines that are more than 20 years old planted on calcareous soils at an altitude of about 1,400 meters, toward the north of the Uco Valley. Aged in 500-liter barrels for a year, with 35% new oak, this clearly speaks of Uco's excellent 2022 vintage. The juicy clarity of the fruit meets the saline notes, the body is intense and oily, and the sensation of ripe white fruits is projected to the end of the palate. A chardonnay that's drinking very well now, but that will gain in complexity with a few years of bottle aging. 100% of this wine was aged under a veil of flor. COLOMÉ ESTATE MALBEC 2021

Valle de Calchaquí, Salta,
Argentina, vegan
(Donald Hess)

The grapes for this wine are sourced from vineyards at four different altitudes, “producing something that is more than the sum of its parts” (timatkin.com). It's complex and plush, with layers of damson plum, blueberry and spicy oak. Let it unfold alongside lamb kebabs or portobello burgers.
